The class will provide an overview of current trends in counseling theory and practice and the role of counseling in church and business settings. Basic counseling skills taught in this course include interviewing, assessment and therapeutic listening in a laboratory situation. Application is made to family, crisis, grief and substance abuse counseling, with emphasis on developing strategies and applying scriptural principles. The class will provide a basic groundwork for pastoral care. The class will provide a paradigm for listening and caring for others.

At the completion of this class a successful student should be able to:

- Compare and contrast basic counseling approaches and develop an initial biblical model of counseling that can be explored further and utilized in ministry.
- Become familiar with some of the basic categories of problems which may be faced by counselors, pastors and managers.
- Complete an honest self-assessment concerning his/her ability to participate in a counseling ministry.
- Become familiar with the concept of “creative illness” and apply that concept to self and others.
- Be aware of theories, issues, strategies and interventions in crisis counseling, grief counseling, suicide prevention and substance abuse concerns.
- Develop interview and listening skills to facilitate the counseling process.
- Develop a professional vocabulary which will allow for effective communication between the counselor/pastor and lay persons or other professionals.
- Develop some basic “discernment” concerning the assessment of emotional problems of clients and/or parishioners.
Tentative Schedule

Wed 9/4/2014—Wed 12/3/2014 from 8am until 12noon
There will be a 1 hr break for chapel at 10 AM each day—students are encouraged to participate in chapel. This class will utilize small group, discussion and lecture format; therefore attendance and participation is expected for a successful experience. The Lab Day* will be on a Saturday in October, and students will practice counseling skills which will require some limited self disclosure in a small group setting. Additional personnel will be utilized on the lab day. Students will also be given the opportunity to participate in small group discussions of the reading during lunch time. These groups will be led by student leaders. Participants should have completed reading of the discussed texts and some limited self-discourse may be expected in these small groups. The instructor reserves the right to change this syllabus as needed to meet the course goals. The participants have the right to change and negotiate changes in the class if they find the format or content to not be helpful.

Texts

The following texts are required

The Elements of Counseling by Davis & Meier ISBN-10: 0-534-57418-1

The Pastor as a Minor Poet by Barnes ISBN-10:0802829627

The following texts are only recommended and not required for the class

This life, therefore, is not righteousness but growth in righteousness, not health but healing, not being but becoming, not rest but exercise. We are not yet what we shall be, but we are growing toward it; the process is not yet finished but it is going on; this is not the end but it is the road. All does not yet gleam in glory but all is being purified.

Lab Day
We will “negotiate” the most convenient Saturday for the class as a group. If for some reason it is impossible for you to be present on that day; please notify me as soon as possible and an alternative training experience may be found. We will not meet for the full class time on and 11/19 because of the time spent on lab day.

Prepare/Enrich Certification
A Prepare/Enrich Certification Seminar will be included within the class time. Prepare/Enrich is a singularly effective tool for premarital and marital counseling. Training is necessary to be certified to use the testing instrument. The training fee includes certification, a manual, sample tests and a certificate for test processing worth $29. Training normally costs $150 – $200. Class members cost at RTS is $100. RTS will make no profit on this training. If you have already been trained in use of this tool your attendance for the day will still be required. We will include lectures on couples counseling during the training.

Participation Grade
You will be expected to be in class on time at each scheduled meeting. Additionally, each student will once weekly check-in and engage with the class discussion/question of the week. The class discussion will be moderated by the class TA.

Small Groups
Some of the second year counseling students have agreed to lead small group discussions on the readings (Allender/Barnes). The small groups will be assigned on 9/10.
