There are a lot of books, but (1) most of these are quite short and (2) these books are not nearly as difficult as the reading in most of your other classes. This isn't Bavinck or Ridderbos. No whining!

ASSIGNMENTS AND ASSESSMENTS

This course is entirely electronic in its submitting of assignments. Each assignment will be uploaded to Canvas in the appropriate portal. If you are unfamiliar with this process, make sure you schedule a time in advance with Nate Brooks (program coordinator) to learn how to utilize Canvas.

1. Reading Reports

Students are to turn in a report stating the percentage of each book or pamphlet read at which level by the due date. The report will be due at the end of the semester, uploaded to Canvas. No summaries are required on this page.

2. Mid-term and Final.

The mid-term and final will be largely taken from the ACBC exams. In order to be well prepared for the ACBC exam questions you would be advised to do some independent study on your own, in addition reviewing the material taught in class and in the readings.

The exams may be taken on your computer. You are on your honor to use your unmarked Bible (in book form and not a study Bible) and no other outside resource.

Plan on spending the entire three hour exam period writing each exam.

Midterm

ACBC Counseling exam questions 3,9,10,12

Plus possible extra questions from lectures and/or case study

Final

ACBC Counseling exam questions 16-20

Plus possible extra questions from lectures and/or case study.

Exams may be conducted outside of class time. In this case, students will be asked to adhere to the following process:

RTS Charlotte Student Instructions for Exams taken with LockDown Browser

1. Install the LockDown Browser application on the computer you intend to use for exams, prior to sitting for the exam, using this link:
<http://www.respondus.com/lockdown/download.php?id=998253613>
 - This link is ONLY for RTS students and covers both Mac and Windows applications.
 - Be sure that you are able to login to your Canvas account from the LockDown Browser before scheduling a time to take your exam.
 - The LockDown Browser application is already installed on the computers in the RTS Charlotte library. (Note that if you elect to use the library computers, your proctor must still be present throughout the duration of the exam.)
2. Make arrangements with a proctor to supervise the exam within the date timeframe set by the professor. The proctor cannot be a family member, current RTS student (current = taken a class within the past year but not yet graduated), or member of the library staff. Typical proctors are pastors or church staff members. For your convenience, there will be several on-campus proctor blocks where a proctor will be available to supervise your exam. Dates and times will be posted on Canvas and announced in the weekly Semper. The final exam period is also published on the schedule for this term posted throughout campus.
3. If you are taking the exam off-campus with a proctor, send your proctor the "RTS Charlotte Proctor Expectations" document which can be found on the Canvas Course homepage. The proctor must observe student taking exam and ensure that there are no devices or resources available other than the computer being used for the exam.
4. Access the exam during the date window specified for that exam:
 - a. Start the LockDown Browser application using a wired or known reliable WIFI connection. We do not recommend using restaurant or coffee shop WIFI to take exams.

- b. Login to your Canvas account using your Self-Service username and password. If you need to reset your Self-Service password, you may do so at <https://selfservice.rts.edu>.
 - c. Navigate to the exam. You will not be able to access the exam with a standard web browser. For additional details on using LockDown Browser, review this **Student Quick Start Guide (PDF)**.
 - d. Time clock will begin once you open the exam.
 - e. Exam must be completed in one sitting. You may not exit and return to exam later.
 - f. The exam will contain questions requiring the proctor contact information, an honor pledge, and certification that your proctor was present during the entire exam period.
5. Proctors may be contacted to verify information regarding exam administration.
 6. In the rare case of a technical issue (for example, if internet service goes out during exam), the proctor should contact the course TA. While the TA's may not be immediately available, the date and time of the email will document when the issue was reported. Please have your TA's contact information available for your proctor before opening the exam. Once you open the exam using the LockDown Browser, you will not be able to access other programs on your computers.

Please also adhere to the following RTS internet usage protocol:

RTS Charlotte Classroom Technology Usage

RTS Charlotte recognizes how essential it is for students to have reliable, campus-wide access to the internet. For that reason, we have made Wi-Fi available for our student body, not only in the library and student lounges, but also in the classrooms. We know that students need to use the internet to download class materials, access files on the Cloud, and locate other important information. However, we also recognize that internet access in the classroom provides opportunity for abuse and misuse. Some students have unfortunately used their internet access to engage in many activities that distract them from the classroom lectures (e.g., surfing the web, checking sports scores, playing games). Not only does such activity hamper a student's own seminary education, but it distracts other students who can easily view the screens of nearby students. In addition, donors and classroom guests (who often sit in the back) can see this inappropriate internet usage, which reflects poorly on RTS. Classroom etiquette includes leaving cell phones turned off, refraining from surfing the Internet or playing computer games or other distracting activities. In addition, students must respect standards set by individual professors regarding the use of technology during their class.

In order to address this issue, we must appeal to the integrity of the students as ones who are preparing for a lifetime of ministry to Christ and his church. We expect each student to take personal responsibility for proper classroom technology usage and to encourage others around them to do the same. All RTS-Charlotte students are accountable to the policies stated in the Student Handbook and Academic Catalog and are therefore expected to use technology in the classroom only for appropriate class-related activities. Student conduct is under the supervision of the Dean of Students.

3. Major Writing Project

There are two options for your major writing project:

1. Write a 10-12 page paper on the counseling topic of your choice in which you compare and contrast biblical and secular approaches to a major counseling issue.
2. Complete the ACBC Theology Exam. This exam is take-home, open book. Students planning on pursuing ACBC Certification are highly encouraged to select this option, as completing the ACBC Theology Exam is a requirement for Practicum hours to count towards certification.

4. Class Attendance and Participation

It is very important that you attend each class on time and that you participate in class discussions.

Late Assignments

Assignments are due at the beginning of the class indicated in the Course Schedule. Assignments not submitted at this time are considered late and are penalized one letter grade per week.

During the course of the semester the professor reserves the right to modify any portion of this syllabus as may appear necessary to the professor because of events and circumstances that occur during the term.

Classroom Policies

1. All classroom policies at RTS Charlotte are expected to be followed.
2. Guidelines for papers (including reflections and exams) submitted in this course can be found as a separate document on Canvas. **Reading this document and following its instructions is essential for you to pass this course.**
3. Students are required to cite all sources consulted for a written assignment. Students who plagiarize or cheat in any other manner are guilty of academic misconduct and will be reported to the Dean of Students. This will result in disciplinary action up to and including failure of the course and academic dismissal.
4. Laptops are welcome in class for note taking only. Only word processing programs may be open during class; no browsers, email programs, social media feeds, or any other program is to be used. Please silence cell phones and do not text, Facebook, Snapchat, Instagram, or whatever else desperately beckons for your attention during class.
